

2024 SUMMER INTERNSHIP PROGRAM – COMPLIANCE [BUDAPEST]

ABOUT BLACKROCK

BlackRock's purpose is to help more and more people experience financial well-being. As a global investment manager and a leading provider of financial technology, our clients—from grandparents, doctors, and teachers to large institutions—turn to us for the solutions they need when planning for their most important goals. We are building a culture of innovation, curiosity, and compassion, one that enables every employee to make an impact.

THE SUMMER INTERNSHIP PROGRAM

Our Summer Internship Program is an 8-week, paid internship designed to provide you with an exciting, supportive and fun experience which mirrors life as an Analyst at BlackRock. You'll have real-world responsibilities during the summer, in addition to participating in professional development, networking and social events.

The Summer Internship Program takes place in June – August 2024 and acts as a feeder to the Full-Time Analyst Program for the following year.

To succeed at BlackRock, you should be curious and motivated to solve some of the world's most complex challenges. You should be willing to step outside your comfort zone, open to new ways of thinking and passionate about helping people from all walks of life build a better financial future.

ELIGIBILITY

Candidates should be in their penultimate year of studies and graduating from an undergraduate or a master's degree program in 2025. We welcome applications from candidates studying any degree subject.

While we do not require fluency in Hungarian for any of our Budapest roles, you must speak English at a proficient level.

APPLICATION DEADLINE

All business areas: 20 December 2023

The recruitment process takes place throughout the autumn semester. In some businesses, certain teams may recruit through to early next year. Please note, we recruit on a rolling basis and encourage you to apply as soon as you're ready.

COMPLIANCE

Legal & Compliance - Compliance

Compliance ensures the firm satisfies its regulatory obligations, protects its reputation, and provides advice to and partners with the business to meet our clients' expectations. The team facilitates global business activities while protecting BlackRock from regulatory, reputational and related economic risk.

What you will do?

- Build relationships with the potential for a longer-term career within Compliance.
- Be involved in various aspects of the Compliance program, which may include any of the teams mentioned above.
- Experience high profile project work.
- Participate in projects that will optimize processes, including the opportunity to use data and coding skills.
- Bring a new perspective.

APPLICATION INSTRUCTIONS

As part of your application, you will be able to select up to two teams you would like to be considered for. Read more about our business areas and detailed job descriptions [here](#).

Once you've submitted your online application, you will be asked to complete a virtual cover letter. Think of this as an opportunity to give us your elevator pitch – it is not an interview but will be considered along with your

resume. If you are interested in our software engineering opportunities, we'll ask you to complete a coding challenge instead of a virtual cover letter.

The virtual cover letter and/or coding challenge must be completed within 5 calendar days of submitting your initial application, for each business area you apply for.
