

A landscape of layered mountains in shades of blue, with the text "17 GOALS" overlaid in white. The mountains are silhouetted against a light blue sky, creating a sense of depth and vastness. The text is centered and prominent, with the number "17" being significantly larger than the word "GOALS".

GOALS

The **SDGs** are ...

- ▶ A set of 17 goals for the world's future, through 2030
- ▶ Backed up by a set of 169 detailed Targets
- ▶ Negotiated over a two-year period at the United Nations
- ▶ Agreed to by nearly all the world's nations, on 25 Sept
2015

What is new and different about the 17 SDGs?

First, and most important, these Goals apply to *every* nation ...
and every sector. Cities, businesses, schools, organizations, *all*
are challenged to act. This is called

Universality

Second, it is recognized that the Goals are all inter-connected, in a system. We cannot aim to achieve just one Goal. We must achieve them all. This is called

Integration

And finally, it is widely recognized that achieving these Goals involves making very big, fundamental changes in how we live on Earth. This is called

Transformation

Let's take a tour ...
